

DEFY

Defy the dirty seed
Defy the smilin' greed
Defy the vulgar need
All we can say is-we're sick of this stuff

Defy the votes that are bought
Defy the pols that ain't caught
Defy the raging onslaught
Each and every day the journey stays rough

Defy the lie
Defy the lie
Defy the lie

Defy the fake democracy
Defy the crass conspiracy
Defy the mass hypocrisy
Deny us and you will watch us stand tough

Defy the increasing misery
Defy the insulting travesty
Defy the exploding lunacy
We're telling you now-enough is enough

Defy the lie
Defy the lie
Defy the lie
