

EVERY DAY'S A HOLIDAY AND EVERY MEAL'S A FEAST

We've been together for a while now
Yet each day I discover something new
It's like we've known each other forever
But this is the first time I'm seein' you

CHORUS

*Let this mean, old world spin backwards
Let the sun go set in the East
We don't care about this at all because
Every day's a holiday and
Every meal's a feast*

Each second is so magical
We never want it to end
Then we can't wait for the next one
To feel it all over again

CHORUS

*We won't mind if the world disappears
It wouldn't bother us in the least
We have all we could ever want right now because
Every day's a holiday and
Every meal's a feast*

Bridge

How come the most simple things
Give us so much endless joy
How can one single person
Bring so many pleasures to enjoy

We're not living in the moment
Each moment lives in us
As long as we share each other
This is devotion we can always trust

CHORUS

*This world can rage on as it will
That noise will not disrupt our peace
We'll grow this passion we have together because
Every day's a holiday and
Every meal's a feast*
