

## FLOATING ON LOVE

I am within your world and you are within mine  
Two worlds as one, merged yet still defined  
Dumb chaos below...dark infinite above  
Our world is glowing brighter than ever  
We're brighter together as we're floating on love

### *Chorus*

*We're gonna keep ourselves floating on love  
Moving at our pleasure in the opposite way  
Leaving our treasure to the worms and slugs  
Floating on love and drifting away*

I love you as I could love no other  
We're happiest when we share  
Our love together  
Everything I am is yours  
From now until the day beyond forever

### *Chorus*

*We're gonna keep ourselves floating on love  
Moving at our pleasure in the opposite way  
Leaving our treasure to the worms and slugs  
Floating on love and drifting away*
