

HALF A TREASURE MAP

I watch myself follow these bad actors
As they chase some cartoon characters
I guess that means I have lost my way
This journey's goin' nowhere
I feel like smackin' every day

Chorus

*Without you I'm hearin'
One hand clap
Without you I'm holdin'
Half a treasure map*

I'm pawin' the earth diggin' for clues
Huntin' for the path that leads me to you
I'm gettin' crushed by this wanderin' horde
I'm livin' like a savage
I need to find a richer reward

Bridge

People are sayin' I am holdin' my own
But I know I am all alone
Things would be so much better with you
With us together, our world becomes brand new

I'm pickin' losers-I just gotta face it
This landscape is hollow-I gotta replace it
These actors want me to swallow their vision
But I'll keep searchin' for the treasure I'm missin'

Chorus

*Without you I'm hearin'
One hand clap
Without you I'm holdin'
Half a treasure map*

Chorus

*Without you I'm hearin'
One hand clap
Without you I'm holdin'
Half a treasure map*
