

## HATS AND HORNS

I begin to feel it coming  
A couple of days before  
My pulse starts a-humming  
My heart is screaming through my pores

### *Chorus*

*When I hear you laugh  
I feel the whole loving world  
Laughing too  
It's always hats and horns  
When I'm hooking up with you*

We move like a pack of wild kids  
With this big, bad city as our playpen  
Causing mayhem from PM to AM  
We have no clue how to say when

### *Chorus*

*When I hear you laugh  
I feel the whole loving world  
Laughing too  
It's always hats and horns  
When I'm hooking up with you*

### Bridge

How good are we together?  
Could the two of us  
Ever be a better fit?  
When they want to figure out  
What love is all about  
All they have to do is look at us  
To see that this is really it

We got candles glowing in our hearts  
Magic and music singing in our veins  
We got scandals flowing from our eyes  
Histories and mysteries ringing in our brains

### *Chorus*

*When I hear you laugh  
I feel the whole loving world  
Laughing too  
It's always hats and horns  
When I'm hooking up with you*
