

## LIFE IS A WASH

I met the finest beauty in all the land  
And I got the feeling she liked my style  
Then she met a guy who stuck a rock on her hand  
They gazed at each other and they both smiled

### *Chorus*

*Love can be soft  
Love can be harsh  
If you live long enough  
Life turns out to be a wash*

I spent my youth just banging about  
Burning my candle like I had dual tomorrows  
So now I'm trying like hell to figure out  
What days I stole and what days I borrowed

### *Chorus*

*Time can be soft  
Time can be harsh  
If you live long enough  
Life turns out to be a wash*

### Bridge

Ain't no use getting  
Bent out of shape  
Over things you can't control  
Gotta do your best  
To live long enough  
If you want to be kept whole

The Good Book can teach us a lot  
Like the last shall be first and the first shall be last  
But I'm guessing the big shots up top  
Won't be letting that play out too fast

### *Chorus*

*Truth can be soft  
Truth can be harsh  
If you live long enough  
Life turns out to be a wash*
