

# LIVE THE SCREAM

I am sick of all I see  
Sick of morons talking at me  
Sick of stupid things I hear  
Sick of stupid ghosts I fear  
Sick of the world scabbing me

## *Chorus*

*I'm screaming through the hymn  
I'm screaming at the tide  
I'm screaming through my skin  
I'm screaming at the sky  
Gotta dump the dream  
Gotta live the scream  
And spit out the lies*

I can't take the mass debate  
Cannot take the cheatin' fakes  
Cannot take their mindless yell  
Cannot take their filthy hell  
Can't take those in love with their hate

## *Chorus*

*I'm screaming through the hymn  
I'm screaming at the tide  
I'm screaming through my skin  
I'm screaming at the sky  
Gotta dump the dream  
Gotta live the scream  
Once before I die*

We've lost the meaning we once knew  
Lost the feeling that we'll pull through  
Lost the places we used to go  
Lost the magic we used to know  
Lost the sense of truth I saw in you

## *Chorus*

*I'm screaming through the hymn  
I'm screaming at the tide  
I'm screaming through my skin  
I'm screaming at the sky  
Gotta dump the dream  
Gotta live the scream  
And hope to survive*
