

NO ONE CAN DO WHAT I DO THE WAY I DO IT

Always comparin'
Always despairin'
Wasn't ready for
All days preparin'

Sometimes believin'
Never deceivin'
Pushes me to crave
This crazy conceivin'

Chorus

*No one can do what I do
The way I do it
Please tell me that
You always knew it
No one can do what I do
The way I do it*

Bridge

I'm embracing oblivion
I'm seeking catatonia
Did my best to bless
Worshipping hedonia
I am headed to where I am not
You always want to see what you got

Smackin' devotion
Crackin' emotion
It's always a battle
Jackin' the potion

Breakin' frustration
Takin' elation
Always crawlin' 'round
Shakin' creation

Chorus

*No one can do what I do
The way I do it
You gotta say
You always knew it
No one can do what I do
The way I do it*
