

PLUTORS

Do you know how many
Wallets I've tapped today?
Build up my campaign amount
Increase my delegate count
Just make a commitment
And I'll be on my way

Got my money handed down to me
By the same hand that pushed me down this path
You want to know what I really think
I'm not in the mood to make you laugh
I love standing up on stage
It doesn't matter what I see
I don't want to know what's going on
I just want people to look at me

Chorus

*It's a complex game we're playing here
I'll never have the guts to ever fully decide
So I'll go through the purses in the back seat
While the money guys take me for a ride
I hold myself to the highest standards
They light my way and guide me through
When I screw up it's always in the backroom
I wish I could do as I say, not as I do*

Bridge

Hey, that's me up there
Embracing the stock czars
Hugging up with all the lovers and takers
Yo, that's me down there
Hanging with the rock stars
Chugging down with all the shovers and makers

So on I go a-drifting
Sticking to the same idiotic line
You a friend of my daddy's...?
You can have the office next to mine

Chorus
