

# PUPPY GRABBER

You know he likes touching fuzzy things  
And that's all he ever wants to do  
So you better watch your back and your front  
'Cause soon enough he'll come grabbin' after you

## CHORUS

*Yeah...he loves to squeeze soft furry things  
That's why he's such a bad Kitty Nabber  
And he loves to stroke short curly strings  
That's why they call him-Puppy Grabber*

He's made so many slime ball mistakes  
It takes a fortune to pay them all off  
He loves to tug his tiny twiggy so much  
The poor thing is about ready to fall off

## CHORUS

*Yeah...he loves to squeeze soft furry things  
That's why he's such a bad Kitty Nabber  
And he loves to stroke short curly strings  
That's why they call him-Puppy Grabber*

## Bridge

He's the moron in the empty mansion  
Who keeps his cretins in a filthy pen  
He opens the cage every now and then  
So they can cheer him again and again

He's got chubby, scuzzy baby hands  
Plus he's getting tubby 'round the middle  
He's got nothing to do each stubby day  
'Cept to rub the spittle off his little piddle

## CHORUS

*Yeah...he loves to squeeze soft furry things  
That's why he's such a bad Kitty Nabber  
And he loves to stroke short curly strings  
That's why they call him-Puppy Grabber*
