

SEIZE THE LIGHT

Chorus

It's a gift that's received

To seize the light

And a harder gift yet

To speak it right

Seize the music

Seize the color

Seize the language

Seize the struggle

Seize the light

Speak it right

Seize the light

Speak it right

Chorus

It's a gift that's received

To seize the light

And a harder gift yet

To speak it right

Seize the music

Seize the color

Seize the language

Seize the struggle

Seize the light

Speak it right

Seize the light

Speak it right

Chorus

It's a gift that's received

To seize the light

And a harder gift yet

To speak it right
