

THE BIG ROCK GLOWIN'

Music takes me wherever I want to be
Makes me forget about this daily mockery
Fills my veins and surges through my arteries
Takes me as close as I'll ever get to ecstasy

You know I'd go to shows
Every night and every day
Hey, you need someone
To come out and play
I'm only good on days that end in "Y"
So you want to go downtown to see
The grungiest band at the dive-iest bar
Just give me a scream...I'm your guy

Chorus

*This crazy world just keeps on reelin'
Like a great, big boulder that won't stop slowin'
If you ain't hearin'
Then you'll soon start feelin'
The Big Rock Glowin'*

Mothers-Doors-Trembling Trio-13th Floors
I don't care...just send me a snip and let me know
I'm pumped...I'm dressed...I'm jumped...I'm blessed...
I'm on the launching pad all ready to go

It don't matter if
I'm alone or in a crowd
Just give me more music
Make it soft-make it loud
You know I could listen
Till my ears start to bleed
Then stop the world
I got all I need

Chorus

*This crazy world just keeps on reelin'
Like a great, big boulder that won't stop slowin'
If you ain't hearin'
Then you'll soon start feelin'
The Big Rock Glowin'*
