

THE LOVIN'S NOT A PROBLEM
IT'S THE LIKIN' THAT'S NO GOOD

I got bags under my arms
I got bags under my eyes
How we are still together
Is a major friggin' surprise

The daylight is a mess for us
We can't get along at all
The darkness is so much better
There ain't nothin' wrong at all

Chorus

*If we had to save what we got
Before it is totally cracked
I gotta say of course we would
Then we face that next big fact:
The lovin's not a problem
It's the likin' that's no good*

Each day I say I'm goin'
Then night comes and I'm stayin'
Darkness means some wild times
Sunlight brings the prayin'

Bridge

Our friends say we're perfect
For each other
But they have no clue that
This is only true
When we're underneath the covers

We both complain that we like to argue
Just so one of us can be right
I think there's another reason though
We're just killin' time till we get to the night

Chorus

*If we had to save what we got
Before it is totally cracked
I gotta say of course we would
Then we face that next big fact:
The lovin's not a problem
It's the likin' that's no good*
