

## UNREAL LOVE

Paths we never take  
Stops we never make  
Dates we never break  
Fun we never fake

*Chorus*

*Unreal love will be  
What we want it to be  
Unreal love will always be  
What we want it to be  
Our unreal love will always be  
Whatever we want it to be*

Words we never say  
Costs we never pay  
Games we never play  
Ghosts we never slay

*Chorus*

*Unreal love will be  
What we want it to be  
Unreal love will always be  
What we want it to be  
Our unreal love will always be  
Whatever we want it to be*

Scars we'll never see  
Wars we'll never flee  
Saints we'll never be  
Lives forever free

*Chorus*

*Unreal love will be  
What we want it to be  
Unreal love will always be  
What we want it to be  
Our unreal love will always be  
Whatever we want it to be*
