

## WE COULDN'T EVEN SAY GOODBYE

Lately I've been thinking back  
On all the great times we had  
Still trying to figure out  
If I should be happy or sad

The love we shared was special  
Yet so hard to describe  
We never could make us work  
No matter how we tried

### *Chorus*

*We knew there was nothing left to say  
It was time for us to walk away  
We looked into each other's eyes  
We couldn't even say goodbye*

### Bridge

All the joy was ours to share  
All the pain was ours to bear  
For the pain we felt  
We were never prepared  
For the joy we felt  
We should always be glad

Who knows what would have happened  
If I had stayed with you that night  
All the things that might have changed  
If our love had seen the morning light

### *Chorus*

*We knew there was nothing left to say  
It was time for us to walk away  
We looked into each other's eyes  
We couldn't even say goodbye*

Now of course we will never know  
We cannot retrace the flow of time  
What we hold is the secret that we found  
I share your soul and you share mine

Bridge

All the joy was ours to share  
All the pain was ours to bear  
For the pain we felt  
We were never prepared  
For the joy we felt  
We should always be glad

*Chorus*

*We knew there was nothing left to say  
It was time for us to walk away  
We looked into each other's eyes  
We couldn't even say goodbye*
