

**YOU ARE THE GIRL**  
**OF AT LEAST ONE OF MY DREAMS**

Maybe it's your sexy smile  
Or how you flash your wicked style  
Hope you smile for me tonight  
When we meet again in the soft moonlight

*Chorus*

*I have no clue where they come from  
Can't figure out what they mean  
All I can say for certain is  
You are the girl of at least one of my dreams*

Perhaps it's your sweet innocence  
Or how you sway with sleek elegance  
Can't wait for you to dance tonight  
When we meet again in the soft moonlight

*Chorus*

*I have no clue where they come from  
Can't figure out what they mean  
All I can say for certain is  
You are the girl of at least one of my dreams*

Bridge

Every night I start to sweat  
In the morning I'm soaking wet  
Sometimes I feel like I gotta scream  
Man, I should just kick myself out of my own dreams.

Could be the way your body struts  
Or the way your accent makes me nuts  
Let each of us enjoy tonight  
When we meet again in the soft moonlight

*Chorus*

*I have no clue where they come from  
Can't figure out what they mean  
All I can say for certain is  
You are the girl of at least one of my dreams*
