

BE AND LET BE

This wack world is takin' a toll on me
I can't read the paper-can't watch TV
Don't want to hear all the complainin'
Got no use for the dumb explainin'

Chorus
It is only you and me
So why can't we
Be and let be

It seems like there's screamin' 26/8
Day and night there's no escape
Everyone's got a mic and a soapbox
With some damn reason to be pukin' rocks

Chorus
It is only you and me
So why can't we
Be and let be

This won't come easy
But if we could just stop
To whisper and hear
To search and see
We might understand
That when the noise drops
And the smoke clears

Chorus
It is only you and me
So why can't we
Be and let be
