

## DREAMIN' TO MYSELF

I've been dreamin' about you  
For a long time now  
Wonderin' what you've  
Been up to  
Hopin' everything is  
Goin' great for you  
And wishin' I could hear  
You laugh again  
Like you used to do  
When we laughed together  
For hours on end

### *Chorus*

*I know I'm just  
Foolin' myself  
By doin' what I'm doin'  
Keepin' this dream alive  
Forced to lock it up  
And hide it inside  
'Cause I can share it  
With no one else  
That's why I'm only  
Dreamin' to myself*

These memories show up  
Just about every day  
I do my best to stop them  
But they always get their way  
They spend their time  
Wackin' out my mind  
Then send me off alone  
To feel the pulse of love  
That will never go away

### *Chorus*

*I know I'm just  
Foolin' myself  
By doin' what I'm doin'  
Keepin' this dream alive  
Forced to lock it up  
And hide it inside  
'Cause I can share it  
With no one else  
That's why I'm only  
Dreamin' to myself*
