

I'M STARTIN' TO FEEL HALF-HUMAN AGAIN

Those were some desperate days
Messin' with dubious activities
My eyes fixed on the challenge ahead
Wrestlin' with dangerous proclivities

I had to learn the hard way
That instincts beget habits
Then bad things start to happen
And problems breed like rabbits

Chorus

*I'm breakin' needs
I'm bustin' chains
This is where I want to be
I'm startin' to feel half-human again*

I was in a battle every day
Fightin' off vicious tendencies
Bonded to the difficult path
Beatin' back dark dependencies

Chorus

*I'm breakin' needs
I'm bustin' chains
This is where I want to be
I'm startin' to feel half-human again*

I've come too far to let myself
Relive that painful misery
I will stand strong always
'Cause every day's a victory

Chorus

*I'm breakin' needs
I'm bustin' chains
This is where I want to be
I'm startin' to feel half-human again*
