

THE LOVIN'S NOT A PROBLEM
IT'S THE LIKIN' THAT'S NO GOOD

I got bags under my arms
I got bags under my eyes
How we are still together
Is a major friggin' surprise

The daylight is a mess for us
We can't get along at all
The darkness is so much better
There ain't nothin' wrong at all

Chorus

*I want to save what we got
Before it is totally cracked
I will give you all that I could
But we gotta face the real big fact:
The lovin's not a problem
It's the likin' that's no good*

Each day I say I'm goin'
Then night comes and I'm stayin'
Darkness means some wild times
Sunlight brings the prayin'

Bridge

Our friends say that we are
Perfect for each other
But they have no clue that
This is only true
When we're underneath the covers

I don't believe we like to argue
Just so one of us can be right
I think we're doin' something else
We're just gettin' ready for the night

Chorus

*I want to save what we got
Before it is totally cracked
I will give you all that I could
But we gotta face the real big fact:
The lovin's not a problem
It's the likin' that's no good*
